Curating Your Experience.

Nobu Style.

Our Hotels combine this unique chemistry and perfect balance of luxury, fun, craft and theater to create memorable guest experiences.

Say I do

Dedicated event planning professionals are at your service to provide guidance for your ceremony, reception and pre- or post-wedding day events, including engagement parties, bridal showers, welcome receptions and farewell brunches. Each gathering we host becomes our utmost priority, ensuring that all of your guests are treated to gracious personal service at every touch point.

San Sanduko

The sharing of sake is one of the oldest traditional Japanese wedding ceremonial customs dating back to the 8th century. The sharing or toast of sake symbolizes a formal bond between the bride and groom.

The Party + After Party.

Sometimes the best part of the event is what happens afterwards. All Nobu parties are created equal and every detail is important from start to finish. Allow our event planners to craft the perfect encore to any event.

Our Locations.

From the shores of Talamanca, the white beaches in Miami, the bustling city center of Central London or the rooftop penthouse in Las Vegas, each of our hotels offer unique spaces to host the ultimate celebration.

Whether you keep your event local or take it global, Nobu Hotels will provide an exciting escape from the boardroom.
